PLAY HOUSE NURSERY

PLAY HOUSE NURSERY

ABOUT

Established in 2005 in Abu Dhabi and Dubai, Playhouse Nursery provides childcare facilities following British Curriculum. CACHE certified educators along with dedicated and well trained staff will ensure that children's potential is fostered with a range of learn through play-based activities. Playhouse is a nursery where fun and learning never ends and over the last 16 years accommodates the latest in the British EYFS Curriculum .

Mission

Our propriety equipment and lesson plan changes every 3 weeks so your child continues to learn new concepts every visit
Highly trained (fun and friendly) teachers tailor the program to fit each parent and child’s needs

Vision

Play & Music classes incorporate new technology with classic learning

Education we provide

At Playhouse Nursery we follow EYFS Curriculum which guides the learning and teaching process and helps us to establish an optimum learning environment in our classes. We believe that to engage, achieve and make positive contributions students must be healthy, secure and safe. We value all of these needs and understand their contribution to the development of happy students in an enjoyable, encouraging and stimulating atmosphere. The learning environment combines high standards with a broad and rich curriculum. We use a variety of play-based and structured activities striking a fine balance between both teacher- led and student-initiated play. Play underpins all development and learning for young children. Most children play spontaneously and it is through play that they develop intellectually, creatively, physically, socially and emotionally.

The Prime Areas of EYFS

Personal, Social & Emotional Development, Communication & Language and Physical Development .

The Prime Areas of EYFS

Literacy, Math, Understanding the World, Expressive Arts and Design

Personal, Social & Emotional

Development is an important area in child development as it influences every childs emotional wellbeing as well as helps them to build relationships, self-confidence, self-awareness, managing feelings and behaviors .

Communication & Language focuses on listening, attention, understanding and speaking

Physical Development is all about moving and handling oneself, health and self-care. Physical development in young children has been shown to impact readiness for school, behavior, social development and academic achievement.

Literacy is all about encouraging children to link sounds and letters and to prepare them to read and write

Mathematics

Mathematics is all about providing children with opportunities to develop and improve their skills in counting, understanding and using numbers, describe shapes, spaces, and measures.

Understanding the World helps and guides children to make sense of their physical world, their community, people and also technology.

Expressive Arts and Design Young children benefit from discovering art by doing and exploring various art forms and materials. They are naturally curious and love to experiment with colors, textures and art tools that provides opportunities and encouragement for sharing their thoughts, ideas and feelings through a variety of activities.
